DAY SPA

OUR SPA

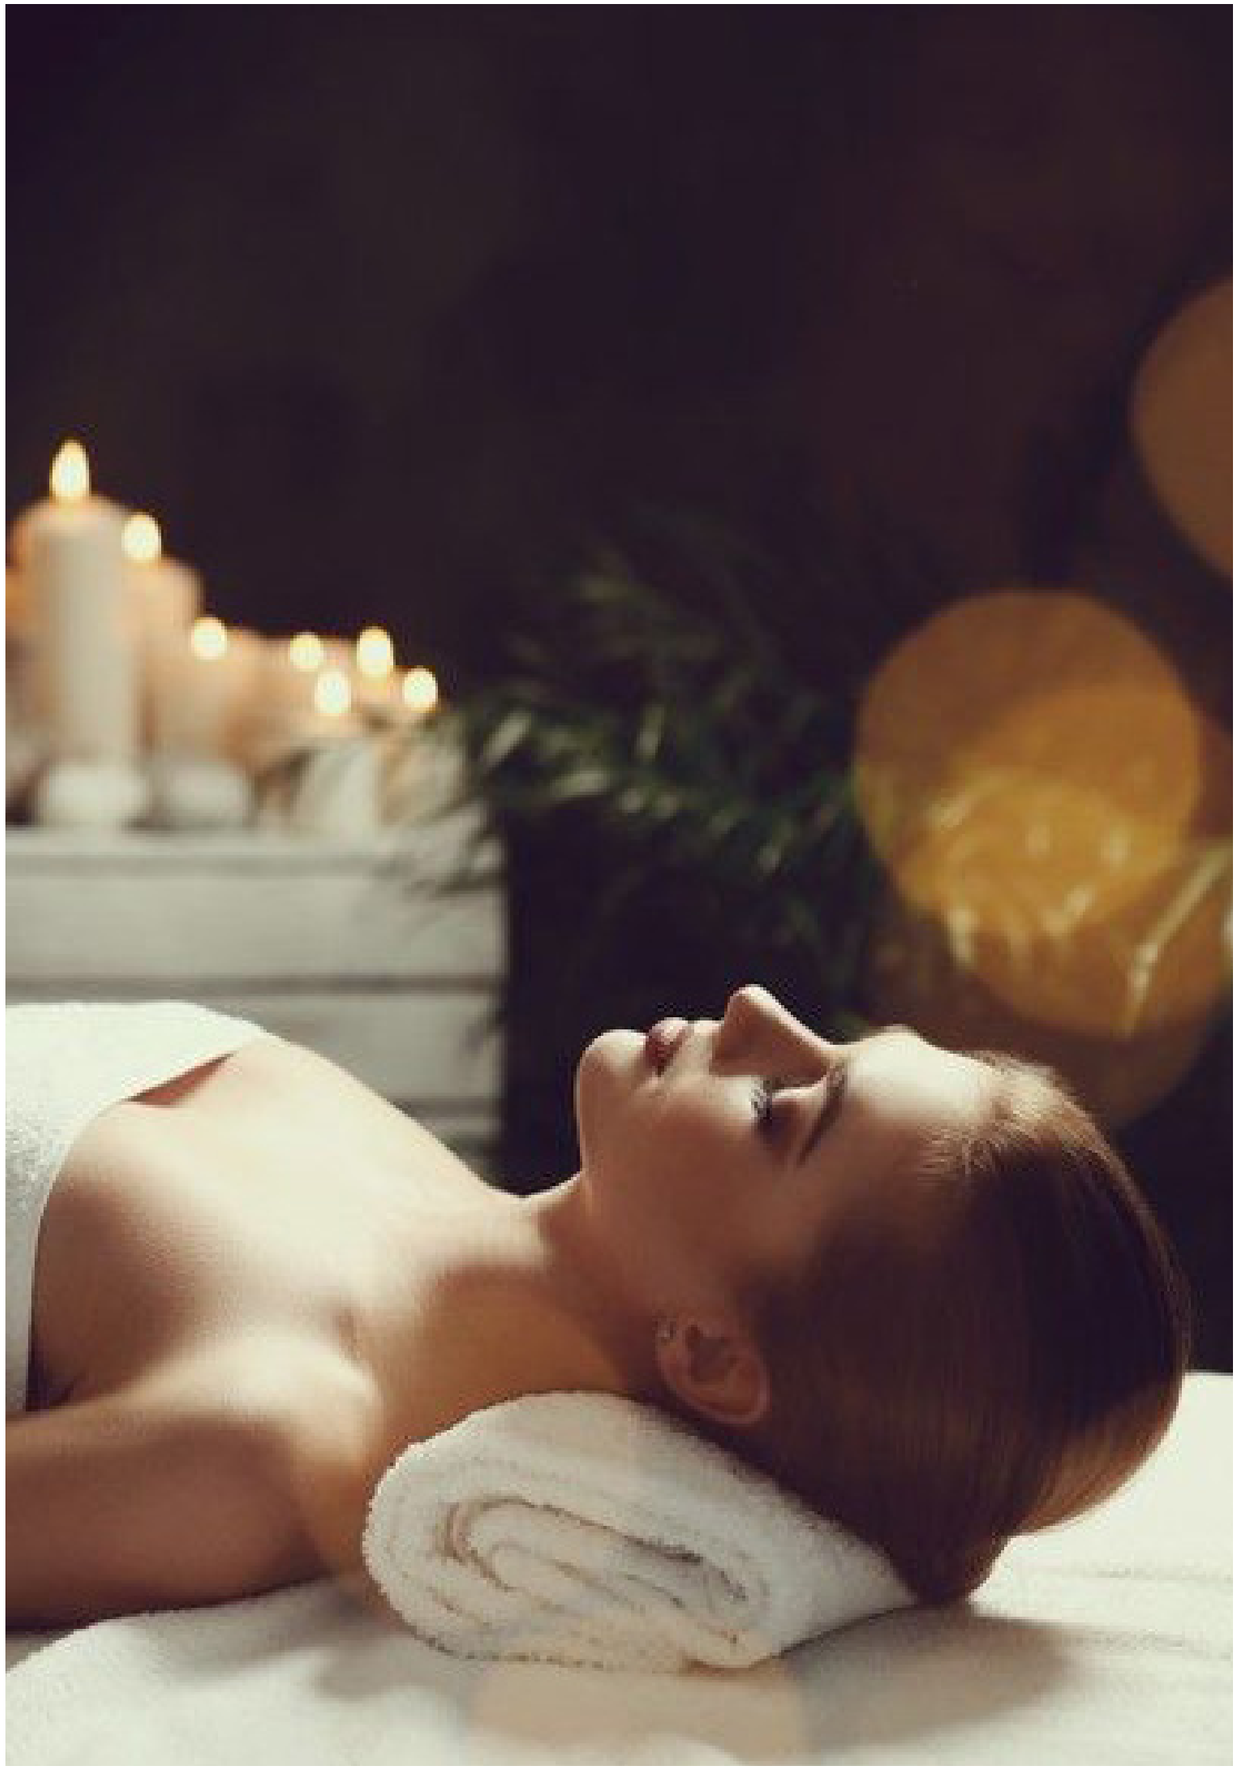
Our beautiful South Coast escape offers a sensory spa experience infused in botanical luxury. Our stunning face and body rituals combine the latest techniques and intricately prepared spa products, ensuring each treatment is divinely relaxing.

OUR PRODUCTS

We pride ourselves on our progressive understanding of what is both on trend and ground breaking in beauty, but also is environmentally friendly and results driven.

Our partnership with Spaceuticals by Waterlily offers the best in clean, green, transdermal and intensive product formulations to deliver visible results.

Each product is hand crafted in their botanical laboratory in Brisbane, embracing the principles of fresh batched beauty. Waterlily's heritage of slow skincare ensures that ingredients are nurtured from paddock to finished product to maintain the intensity and activity of each vital nutrient.
Each treatment contains a carefully considered blend of nutrient-rich botanicals intensified in an infusion of multi-functional actives to deliver real results.



FACIAL

VINO THERAPY

A rejuvenating face treatment to deeply renew, replenish and repair. Enriched with offerings of pure Shiraz wine, grape seed and antioxidant rich resveratrol, the potent free radical fighter. Formulated to protect skin from ageing while targeting skin tone texture and fine lines. An anti-ageing treatment to activate collagen, promoting firmness and tone. This replenishing and revitalising facial is nutrient rich for all skin types.
